Company Description

IANUS Consulting Ltd is a SME that conducts research in the security domain, develops innovative solutions, and provides consultancy and management services to its clients in both the public and the private sector.

Web Developer

Location: Larnaca, Cyprus

Short job description:

IANUS is looking for a talented Web Developer who is interested in participating in European Research projects. Candidates will become a member of a very dynamic research team, and they will be given the training, assistance, and opportunities to develop and increase their skills in this competitive area. Candidates will be preferred if they have knowledge of European funding programs and can engage with partner organizations and funding bodies. Candidates should be graduates of technical disciplines of well-established European Universities. Other candidates from recognized institutions are also welcome.

Job Role & Key Responsibilities

As a Web Developer in our team, you will focus on the implementation and management of European and National research projects' websites in the field of computer science, and cybersecurity and you will undertake the following main activities and responsibilities:

- Execution of full website design and development
- Design and implementing new designs and websites
- Database development and management
- Wordpress customization and maintenance of current websites
- Able to fix bugs and improve the performance

Job Requirements

- University degree in Computer Science/Graphic Design or related field is required. The possession of a M.Sc. and/or Ph.D. degree is a plus.
- Optimizing, Monitoring and Maintaining current websites
- Design and implementing new designs and websites.
- Experience with WordPress/Drupal, PHP, JavaScript, HTML, CSS
- Ensuring the performance and managing all technical aspects of the CMS
- Proficiency level in English
- Experience with C# is an advantage
- Experience with Photoshop is an advantage
- Availability to travel for partner meetings and events abroad

Employment Terms

The position is on a contract basis. Initially, a three-year contract will be offered, which is renewable based on performance for multiple years and beyond the scope of the assigned project (s). The gross monthly salary depends on the candidate's qualifications and experience. The executive period of employment begins as of the effective date and shall continue thereafter for a period of three (3) years. If mutually agreed between IANUS Consulting Management Team and the Contractor, the contract may be renewed under the same terms and conditions.

Profile of the ideal candidate

- Good team worker.
- Good organizational and time management skills.
- Be systematic and consistent.
- Able to multitask.
- Able to communicate with colleagues and collaborators at all levels, in a professional manner.
- Dynamic, trustworthy, and committed.

Working with us, you will expect

- A unique opportunity for a career in a European-oriented company and self-development.
- Attractive compensation package based on qualifications and experience.
- Youthful and professional work culture and environment.
- International and highly competitive environment in contact with leading-edge technology.

To apply for this vacancy, please send by email your CV at info@ianus-consulting.com with the email subject matter 'Web Developer'.

Applications will be viewed and kept in strict confidence.
